

**Week:** Sunday, Aug 19th  
**Text:** Hebrews 10:19-24

Greetings! As we continue our “Let Us” series, let us be intentional about letting our groups become a catalyst to growth and encouragement in our lives. It is our hope that our groups become more than just conversation but a vein in which Christ moves in and through our conversation.

### **Checking-in**

- What’s happening this week?

### **Get in the Word**

- Think for a moment and share, what are some of the things that absorb your thinking during a given week?
- Read Hebrews 10:24. Based on this passage what does the writer of Hebrews want us to ponder day to day?
- What is the proper way to motivate someone in this regard?
- In what ways has the church failed at this “spurring on”?
- What is the end result and why is that important?
- How do we do this with one another?
